Hartland North 3-Year-old Preschool Program

Hartlake Early Learning Center

Mission:

"Motivated by our desire to help all children achieve their maximum potential, we will provide a safe, secure, nurturing, stimulating and developmentally appropriate environment that is responsive to the needs of every child."

Vision:

To build long term relationships with the families and students within our community, at an early age, providing them with early educational options that will ensure life long learning through play and social-emotional development.

Philosophy:

Hartlake Early Learning Center was established for the expressed purpose of providing quality early education and childcare to young children in our school community, building a strong foundation around social and emotional well being and fostering the love of learning at an early age through inquiry and play as they begin their educational journey.

All children are given the opportunity to appreciate the beauty of individual differences as they experience life in the classroom, learning through play together.

Areas of developmental learning include: gross and fine motor, speech and language, social interaction, self-care skills, creative expression and intellectual stimulation. The program is geared to help each child develop to his/her highest potential.

We want all children to develop an enthusiastic attitude towards learning that will stay with them for the rest of their lives.

Requirements:

- Child must be 3 years old by September 1st of the starting school year
- Child must reside within the Hartland Lakeside School District
- Child must be potty trained

Guidelines:

- Parents must provide snacks following district guidelines
- If staying for daycare/wrap around, nap will be required along with labeled bedding from home.
- If staying for daycare/wrap around, parents can send a brown bag lunch or can pay for hot lunch through our food services.
